Forever PhoneMe KW-55 Pink – a smartwatch that brings peace and control to every caregiver. Designed for the youngest, this smartwatch offers an intuitive interface, SOS functions, and location tracking, providing parents with the necessary reassurance and constant contact. The child receives a friendly watch with a camera, touchscreen, and alarm clock – all in a pastel pink casing. Safety and remote care: The SOS function automatically contacts pre-selected numbers in emergency situations, while LBS location tracking allows parents to monitor their child's approximate location through the app. The call block feature protects against contacts from unknown numbers. Simplicity and everyday functionality: The large 1.44" touchscreen makes operation quick and child-friendly. The camera and remote photo viewing capability allow for preserving memories, while additional features like a flashlight, weather forecast, and simple games support daily use. Child-friendly design and long-lasting battery: The lightweight case (~42 g) with an adjustable silicone strap ensures comfort even throughout the day. The 400 mAh battery lasts up to 3 days, making the watch a very practical tool for busy parents.
