Tempered glass Privacy for Realme 14x 5G (Global)

OEM103193 5907504514130

Privacy filter glass is a product that protects the screen and the view of displayed data. The Anti-Spy feature is a darkening structure embeddente the tempered glass. The two-way filter protects the display from every side against reading information from the screen at an angle of 28°. The product has a black frame. Its reinforced structure reduces the formation of scratches and absorbs energy from accidental impacts. The Privacy tempered glass also has a coating that is easy to keep clean. Privacy filter glass is a product that protects the screen and the view of displayed data.
