Etteri Camera Lens Protector is a lens protection glass that combines effective protection with an elegant appearance. Each piece has a precisely cut aluminum edge color-matched to the most popular smartphone models. This way, the glass not only protects but also perfectly complements the device's casing. It has an oleophobic and anti-reflective coating, ensuring clarity and no impact on photo quality. The 9H hardness guarantees protection against scratches, impacts, and dirt. The glasses are easy to install and remove, and they leave no traces after being taken off.
