

Tempered glass 2,5D for Honor 400 / 400 Lite 10in1

OEM0300770
5906961998927

The high hardness 9H tempered glass perfectly protects the phone's screen. It provides image clarity, and the oleophobic coating ensures resistance to fingerprints and dirt. The glass is thin and durable, with a thickness of only 0.3 mm. Once applied, the phone retains its touch properties. The adhesive covers the entire surface, preventing dust and dirt from accumulating under the glass. The edges of the glass are rounded, ensuring safe usage. The product is designed exclusively for phones with flat screens. The package includes a set of 10 pieces of glass and cleaning cloths.
